

# Alpha Xi Delta + FosterClub: Making a Difference for Kids in Foster Care

While foster care provides an important safety net, going through the system can be a very tough experience for kids. This is why FosterClub exists: to improve life in foster care. Programs focus on two distinct strategies:

## How Alpha Xi Delta chapters are making a difference

**1** Direct support to young people experiencing foster care

**2** Drive change in child welfare informed by lived experience

- Hosting campus fundraising events
- Tagging FosterClub on social media when you are doing a fundraiser
- Advocating for improved campus supports for young adults from foster care
- Participating in National Foster Care Month in May
- Spreading awareness about foster care in your networks
- Make Friendship Bracelets that FosterClub can distribute to kids in foster care. See <https://bit.ly/fcfriendshipbracelets> for instructions

## Making a Difference Together

Through the Kindly Hearts Initiative, fundraising efforts, and Letters of Love campaign, Alpha Xi Delta brings care and hope to youth in foster care. The partnership between Alpha Xi Delta and FosterClub powers a corps of Lived Experience Leaders (young people age 18-26) to improve access to critical resources and provide encouragement to their peers. Together, we're making foster care better for kids.
