

How to create your #DareToCare fundraiser for National Foster Care Month

Start fundraising for kids in foster care in three easy steps!

Step 1: Create your fundraiser. Go to <https://give.classy.org/fosterclubdaretocare> and click “Become a Fundraiser.” Create an individual fundraiser (recommended), join a team, or create a team - then log in or create an account.

Step 2: Describe your DARE and set a goal! Whether you pledge your birthday, run a 10k, dye your hair blue in honor of National Foster Care month, or simply dare your friends to contribute to your campaign - set a goal for the amount of money you’ll try to raise (hint: provide your address for a FREE shirt when you reach \$100 towards your fundraising goal)!

Step 3: Tell a compelling story. Click “Manage” at the top right-hand side of your fundraising page and hit the “Story” tab to edit and personalize your story - GET CREATIVE ([or get inspiration from other #DareToCare fundraisers](#))! Test and preview your page before sharing by clicking “View” in the top right corner.

Now start sharing! Get to sharing your fundraiser with your friends and family! Use social media, emails, word-of-mouth - and show the world how you #DareToCare!
